# Some words

To build innovative software products, we need to focus and dedicate time on building Teams as well, where people have psychological safety and feel motivated. I created this guide for a Team building activity for three distributed Agile Teams and now sharing it with rest, others can also get benefit, hopefully. Feel free to change the questions as per your situation!

**Participants:** 14-16

**Tools:**

- Any online video collaboration tool i.e. Google Hangout, Zoom
- Two display screens for the facilitator, one to share and one for personal notes

**Time:** 100 – 120 mins (as per maximum number of participants)

**Activity 1:** (approx. 65 – 75 mins)

- Find a buddy: 5 mins
- Buddy talk : 7 mins
- Group share:  $16 \times 3 = 48$  mins
- Break: 3 mins
- Quiz: 5 mins

**Activity 2:** (approx.. 30 - 35 mins)

- Assign group: 5 mins
- Group discussion: 10 mins
- Joint reflection: 10-15 mins
